December 2024

As we head into the summer break it is a great time to reflect on a very successful first half of the season. The junior club has grown in numbers and it is lovely to see the new and old members improving their skills and making new friendships. We are very excited with the prospect of a new track before the end of the season—thanks for all your patience as we have worked around the lack of some facilities. For those spending the summer away try and keep running, jumping or throwing—the beach is a great place to practice this. Colgate Games athletes can look forward to a great weekend of competition - see you all there.
